NOTICE TO OUR VENDORS:

Capital City Cruisers has been notified by the California State Board of Equalization that any party selling anything at our show must hold a valid California Seller's Permit. We are required to verify with the state that the permits are valid prior to allowing any party to sell anything at our show or we face a fine of \$1,000 per violation. Consequently, all sellers are required to provide us with their Seller's Permit Number on or before April 1, 2010 in order to allow us time to verify that the number is valid. Last year we found that several numbers were expired, invalid, or not registered to the seller using them. No matter who you are - a church group or service club, a crafter selling crafts, a dealer selling antiques, or an individual selling car parts - You Must All Have Valid Seller's Permit! You may apply at any State Board of Equalization Field Office or by mail. Forms are available on-line at www.boe.ca.gov or for more information call them at 800-400-7115. Please include a copy of your Permit with your Reg.
